I do my thing,
and you do
your thing.

I am not in this
world to live
up to your
expectations.

And you are not in
this world to live
up to mine.

You are You
and I am I.

And if by chance,
we find each
other, it's Beautiful

TODAY IS OURS

Today is ours—let's live it
 Our faith is strong—let's give it
 A song may help—let's sing it
 The past is done—don't fight it
 Our work is now—let's do it
 A war is on—let's fight it

Where the world is wrong—let's right it
 The road is rough—let's clear it
 The future is vast—don't fear it
 Is faith asleep—let's wake it
 Today is Ours—let's take It.

ARIES

You are an humanitarian, constantly helping your fellow man. You live by the motto, "Do as I say, not as I do." Being eccentric and unpredictable, you love to shock people and prefer to live and let live. A born "joiner", you are quite fond of the public and popularity. You are very idealistic, though your acts seem to contradict your intentions; you lay out plans so big that you are unable to carry them out.

TAURUS

You are steady and innerly vulnerable. You want to be sure of people and things about you. You show a need for affection, but can be bully and greedy. You are coaxed, but never driven; once your mind is made up, you carry out your plans regardless of consequence. You don't get angry quickly, but when you do, you become exceedingly furious and therefore should never be teased.

GEMINI

You have a dual personality like the Twins. You are versatile — maintain two jobs, two loves, etc. You are always busy, but your weakness is lack of follow-through. At times you may be too critical but on the other hand you are able to make instant friends. This makes you the friendliest soul in the Zodiac. You are the most intellectual. You make money but do not save it.

CANCER

You are very possessive, emotional, and extremely self-centered — all people and situations must relate to you. You want to live harmoniously share feelings of others; you were never meant to live alone. Wealth comes quickly to you, yet goes very unexpectedly. You like to be looked up to. You are sensitive and therefore cry easily, but you have a lunatic laugh.

LEO

You are a born ham. You enjoy the limelight. You look like a person in authority and enjoy it. You are lively and fearless and do things on impulse which you later regret. You are one of the hardest workers of the zodiac and give of your whole self but on your own terms. You possess a great personality and are filled with a sense of pride, dignity, and generosity. You yield to flattery.

VIRGO

You are the natural helper of the zodiac. You love to do for others as much as telling them what to do. You know all the answers and sometimes give too much advice. You are extremely neat and your whole life is based on order and harmony. You seldom regard anyone as your superior and result in formulating your own rules. You need to serve humanity shows you should always live among people.

LIBRA

You are always balancing and comparing like the scales, trying to see both sides of everything. You rule with a iron fist, want to lead, and strive to maintain peace at any price. Although this quest for harmony leaves you somewhat disillusioned with real life. You are very nervous and impatient with delays, especially when those under you do not work up to their utmost abilities. You like the things money can buy and work to get them.

LIBRA MEN adores a woman with an even temper, one who laughs in the face of adversity. They are appreciative of talent, art, literature, music. They demand refinement, he is a man to whom culture is important. Libra men are a good catch but it takes quite a run before the chase is over. The Libra man is an individual, if nothing else.

SCORPIO

You are very dominant and aggressive. You are quite self-sufficient — everything you do and think comes out of yourself. You are cunning and hard to understand, even by closest friends. You feel a great more than you show. Your ideas are not easily changed. You are self-sufficient, a good fighter, a hard worker, and naturally authoritative. Under no circumstances do you like to be questioned for your acts.

The Scorpio man is forceful, direct, independent, often aggressive. He is likely to be a man of action. This man can be very jealous, often he appears a little too careful in money matters. A Scorpio man does not forget a wrong. He makes a formidable foe.

SAGITTARIUS

You are forever searching for the pot of gold at the end of the rainbow. You say what you think and often make enemies by it. You don't like to be tied down, for your great power of concentration enables you to do one thing at a time and do it well. You work with tireless energy and can not bear to leave a task unfinished. You are a born administrator and promoter. You dare many obstacles, upsetting people and in the end wondering why they turn on you.

You are a born boss, authoritative, yet at times officious. Your powers of concentration enable you to get the most out of everything and you never fail to see the money making side of any scheme or purpose. The most frequent asked question by faculty and students is "What is the 13-College Curriculum Program?" The answer to the question, speaking generally, is quite simple; however, speaking specifically, it can be somewhat difficult. The 13-College Curriculum Program is a creative approach to the teaching and provoking innovations in the general education course offerings."

EDITOR'S PAGE

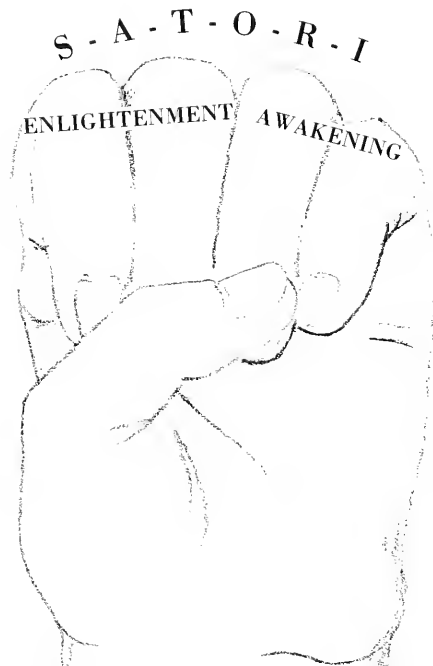

The 1973 SATORI . . . will take you through a minute and guided tour, dealing with the dynamic atmosphere of student life at the University of Maryland, Eastern Shore.

As Editor-in-Chief of the SATORI, it has been a sheer delight to serve in this capacity, but it has also been very demanding. I have learned so much, met so many new faces, and have been enlightened immensely in this area. It was through the following persons: Debbie Barber, Naomi Chambers, Mayhew Franklin, Dorothy Waters, Thomas Wiles, and the complete SATORI staff, that this yearbook is a relic of my senior year.

The 1973 SATORI staff has done "its thing" to make this yearbook a reflection of the satoric life at U.M.E.S.

Ernestine Hawkins

I do my thing,
and you do
your thing.

I am not in this
world to live
up to your
expectations.

And you are not in
this world to live
up to mine.

You are You
and I am I,

And if by chance,
we find each
other, it's Beautiful
